To Whom It May Concern,

I want to express my sincere gratitude to Jem Consolidated Corp. I am not an individual that normally writes letters. However, Jem was a phenomenal company to work with.

My condo community was struck with a fire in May of 2016. Jem was given the job to rebuild the lost condos. I am incredibly thankful they were given this task. The work and professionalism by these individuals were top notch! Jem was a bright light after a horrific experience. They were easy to deal with and their work was impeccable.

I would also like to thank Rich, Ed and Jimmy for their hard work and dedication. I highly endorse Jem and feel any individual would be lucky to work with such an exceptional company. They truly are a Jem.

Sincerely,
