

“Client Testimonials”

October 28, 2008

Dear Ed,

I wanted to let you know that it has been a pleasure working with you and your team. Between you, and all the other team members we could not have asked for more of a dream team. This was our first renovation and it was a real learning experience for all of us. Though it may have been difficult at times, the support from your staff and patience was priceless. You treated my Mom and Dad with kindness and respect and I cannot thank you enough for that. It was a very difficult beginning of the year for my entire family and these changes that were made helped my parents start their new beginning.

The house is beautiful. I know we made a lot of changes through-out this construction project and it is evident in the finished product. You cannot believe this is actually their home. God has blessed us this year and you guys were part of the blessing. My mom has been waiting to do these renovations for well over 15 years. Thank you for helping make my parents dreams into a reality.

It was a pleasure to have the opportunity to meet and work with all of you. What other client can say they even worked with you during their labor pains ☺ Thank you again for everything. God is good and keep doing what you do

Sincerely,

Eleni

PS- The painting is complete and they are moving back in soon. You should definitely stop by when you have a chance.
