

“Client Testimonials”

2006

Ed,

“WOW!! And please allow us to say it again... WOW!!! We can’t express in enough words to you our thanks for the amazing renovation to our home you completed in March 2006. You were unbelievable to work with, very courteous, professional, and diligent. And the best part, you had a wonderful attitude with very positive reinforcements during every stage of the renovation.

We were so concerned because our project was complicated and the contractor interview process was long and tedious but we knew we found the right company for the job when we met Ed. He made us feel totally relaxed with his organizational skills and obvious knowledge of the industry.

During the on-site pre-construction meeting, Ed’s on-site construction knowledge was evident, and throughout the entire project he would call us every day with an update—the communication was overwhelmingly wonderful and consistent. Our completion date was two weeks early—when do you ever hear of that!!!

Ed, you beat all our expectations by a long shot!!! We wish you all much success in your future years in business as you DESERVE it and much, much more.

Health, Happiness and Success Always!
