

“Client Testimonials”

2008

Ed,

When my wife and I started the process of looking for a contractor for our home renovation, we felt very uneasy. In the eight years we had been in our home, we have dealt with roofers, masons and contractors that had robbed us blind and not delivered on what they promised.

After interviewing five contractors, we found JEM Consolidated to be the most professional and prepared for the job. You answered our questions, showed us examples of your work, and provided us with references. I called about ten of your references and was impressed that the message from each family was the same. Everyone at JEM is courteous, professional, and their job was finished on budget and on time. Each reference couldn't wait to tell me about how pleasant their experience was with Ed and his Team! The biggest complaint my wife and I always had about contractors/roofers is that they didn't act like "our problems were their problems". I never once felt that way with JEM. Each member of your Team worked hard to get the job done, and get it done right. Whenever I need something else done with my home, you can be sure that JEM will be the only company that I will use.

Please feel free to provide my name and cell phone as a reference for the future.

Sincerely,

Brian and Ann Carroll
